

Puppet {General}

# What is Puppet?

01-1001

# Objective

- At the end of this course you will be able to explain what Puppet is and why it is used.

OR

&

# You have a problem.

But there is a solution.

YOU PUT

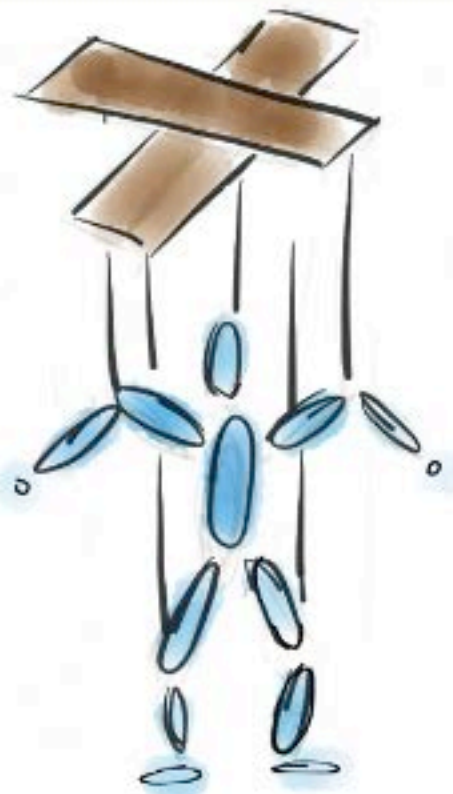

ON

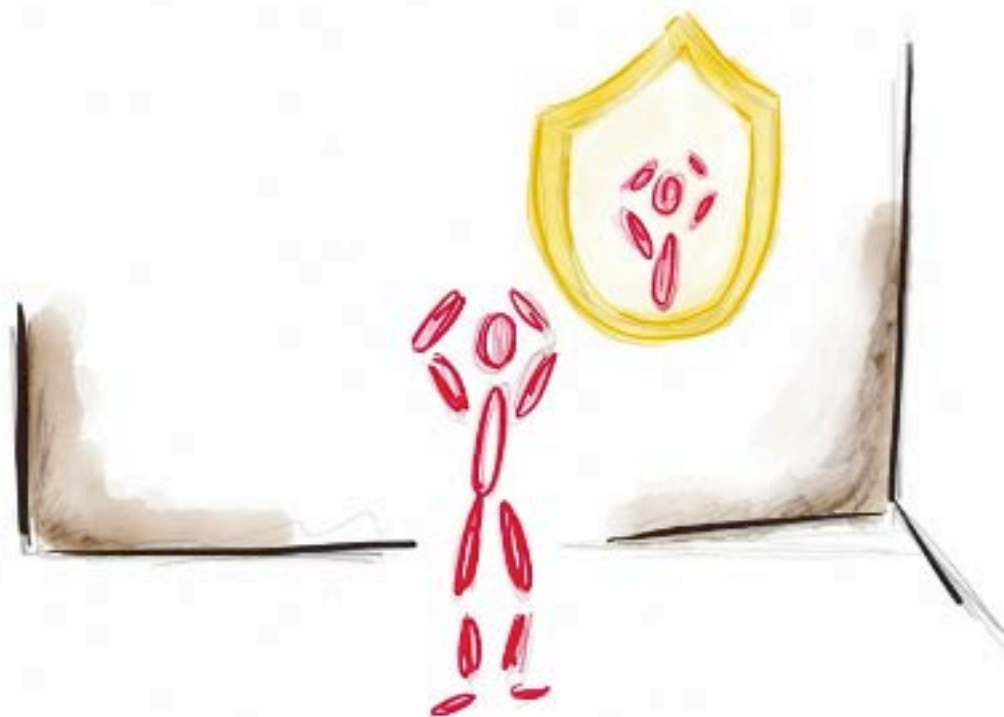

\* Lord of the Rings

\* pulls all the strings

YES  DO NOTHING

IF  NO  THE  SAYS

"YOU SHOULD  
LOOK LIKE THIS."

So what's really going on?

So what's really going on?

# DESIRED STATE

So what's really going on?

# DESIRED STATE

shoes => present

shoes => present

DRIFT

The Node (Puppet Agent) sends

**FACTS**

The Puppet Master compiles

A CATALOG

And all of this is placed in nice REPORTS.

Thank you for participating.
